Professional Summary

MSc Project Management student with five years of project support experience in construction, covering scheduling, cost tracking, procurement and documentation across 15 or more projects. Strong numerical and analytical skills, supported by the Google Data Analytics and Project Management certificates and daily use of Microsoft Excel. Keen to build a career in project controls on major infrastructure and energy programmes.

Experience

Operations and Project Support

Apr 2020 to Present

M2C Maroc

Morocco

- Coordinated planning and scheduling across 15 or more construction and maintenance projects valued between MAD 100,000 and MAD 500,000 (approx. £8,000 to £40,000), monitoring progress against milestones from initiation to handover.
- Tracked costs and material spend against budget on 2 to 5 concurrent projects, flagging variances early so decisions were made on current figures rather than estimates.
- Managed a supplier base of over 20, coordinating material orders and resolving supply issues before they affected the programme.
- Built and maintained cost logs, project records and site documentation in Microsoft Excel, consolidating data into regular progress and cost summaries for the business owner.
- Introduced AI and digital tools into routine reporting and document preparation, cutting time spent on administration and releasing capacity for cost and supplier analysis.

President, Moroccan Global Society

Sep 2023 to Jun 2025

University of Huddersfield Students' Union

UK

- Led a committee delivering a programme of events for over 100 members, planning schedules, allocating tasks and tracking delivery to deadline.
- Managed the society budget, monitoring spend against allocation and reporting activity to the Students' Union.
- Won Best Global Society and the Social Media Award, competing against larger, longer-established societies.

Student Course Representative

Sep 2021 to Jun 2022

University of Huddersfield ISC

UK

- Chosen to represent 40 students, gathering feedback, raising issues with tutors and course leaders, and following them through to resolution.

Administrative Assistant

Feb 2019 to Aug 2019

STE Wild Five Nine SARL

Morocco

- Maintained invoices, delivery documentation and client records, checking figures for accuracy before filing.
- Used Microsoft Excel and Office daily to log operational data, track deliveries and produce records for the manager.

Education

MSc Project Management

2025 to Present

Liverpool John Moores University

UK
